Subject: Call from ACSIM - NEPA @ Fort Bliss

Got a call from (b) (6) (ACSIM) today about the Army's Record of Environmental Consideration. He shared a concern about meeting the deadline for the support effort. He explained that (b) (6) stated that it takes Army 14 days to complete the REC and that I was working with CEQ to support reduced timeframes. I responded that I had not spoken with you lately but that CEQ essentially said they don't get involved unless the proposal is an emergency with likelihood of significant impacts. Also I explained that I had no insight into the Army REC process and I could not answer why it takes 14 days and could it reduced.

V/r,
